Antioch to Get New White Way In Thirty Days

Contract for Street Lights Let to Hyre Electric Company by Lions

Antioch will have new mercury vapor street lights for its business section within the next 30 days.

A contract for furnishing 14 lights and standards was let to the Roy T. Hyre Electric Co., of Chicago Monday night by directors of the Lions club on that company's low bid.

The bid was \$8,130, but Mr. Hyre, a resident of Lake Marie with special interest in the community, then reduced the price to \$7,500 to come within the estimate of the club.

The Monroe Electric Co. had bid \$8,720 and the White City Corp., \$8,970, both substantially higher than the Hyre bid.

Mr. Hyre told the directors that with favorable weather conditions he might have the lights in operation within two weeks.

The lights were assured when the directors appropriated \$2,500 and R. G. (Bud) Holtz, the club's lighting fund chairman, and Frank Kennedy, local oil dealer, raised \$1,800 from businessmen and enough pledges to make the sum \$2,500.

The village already has appropriated \$2,500.

The plan is for the Lions club and business men to complete the project and then turn it over to the city for its payment and future maintenance.

The lights will be of Westinghouse make and will be on concrete standards 28 feet in height. They will be staggered on Main st. at 75 foot distances, making the distances between poles on the same side of the street 150 feet.

The lights will be somewhat similar in intensity as that now in front of Bud's tavern but will be at greater height, taking away the glare.

Irving Carey, president of the Lions club, in making the announcement of the letting of the contract, said that the organization expect to add more lights from time to time so that Depot st. will be lighted also.

The engineering firm of Michele and Associates of Chicago, drew the plans and specifications.

Art Smejkal's Orchestra Will Play for Fireman's Dance Saturday Night

Art Smejkal's orchestra has been obtained by the Antioch Fire department for its public dance Saturday night at the Nash garage building on Depot st.

Harry Lydiard, owner of the garage, has enameled the floor so that place will be ideal for dancing this time.

There will be no admission charge and refreshment and other sales will see the money going to the department's benefit fund.

Dancing will start about 9 p. m.

Chicago Woman Breaks Leg in Fall at Salvation Army Camp, Camp Lake

Miss Harriet Pedersen, a Chicago stenographer, fell while walking on the grounds at Wonderland camp of the Salvation army at Camp Lake Tuesday afternoon fracturing both bones in her left leg. She had been a guest at the camp for a week, the manager of the camp said.

Miss Pedersen was brought to the office of a local physician for reduction of the fracture and then taken by the Antioch Rescue squad to a Waukegan hospital for care.

It was first thought by her friends that she had a sprained ankle but it was later realized that the injury was more serious and she was then taken to a doctor.

MRS. MEHRING SLIGHTLY HURT IN ACCIDENT AT LAKE VILLA THIS A. M.

Mrs. Paul Mehring, of Lake Marie was slightly injured this morning when her automobile got out of control and overturned on Route 21, near Lake Villa. Mrs. Mehring was enroute to Chicago when the accident, which was apparently caused by the car getting off the road onto a soft shoulder, occurred. The car was badly damaged.

The Antioch Rescue Squad was called and administered first aid after which she was returned to her home.

Ask Blood Donors For Chas. Ackerman

An appeal in behalf of Charles N. Ackerman, well-known Grass Lake resident, was made today by Herman Holbek, captain of the Antioch Rescue Squad. Holbek said that Ackerman, who underwent a second operation Tuesday a. m., was in need of frequent transfusions due to internal bleeding following the operation, and that volunteers from among friends of Ackerman are being sought.

Persons who wish to donate blood may do so by calling Antioch 75, 30 or 43, to arrange an appointment. He said that a special evening appointment could be arranged if a sufficient number of persons volunteered.

Edmundson Addresses Lions on Education at Jiggs Dinner Monday

R. C. Edmundson, new principal of the Antioch Township High school told members of the Lions club Monday evening that education is now being patterned to fit the needs of the student.

The dinner meeting at Casey's, north of Antioch was the first local public appearance for the new school director.

"We are no longer trying to fit the student into a mold of education but are trying to fit education to the needs of the student in making his life successful and happy," he said.

The principal made a good impression on his audience.

The club members were conditioned for the talk by a bountiful dinner of corn beef and cabbage. For the first time in many meetings the men found the country style serving of the "Jiggs" meal more than they could eat.

Cold Weather Has Bad Effect on Business at Resorts and in Village

Hope for Crowds Here Over Labor Day as Vacation Season Ends

Hope that warmer weather will give this recreation area some resemblance of former years which saw large crowds coming to local resorts for their final vacation fling over Labor Day was expressed by Antioch Township businessmen.

August has been the most disastrous in years for the resorts because of the cold wet weather.

This has been reflected in business in general in the village. Many vacationers after a few days stay in their cottages, got so discouraged over the cold, they went home.

One local merchant said that his receipts for January were more than for this month.

Not in 20 years has there been such a cold summer. There hasn't been one month so far in which the heat has not been necessary for homes at one time.

The crops have not been bad, however. Corn on high ground is expected to be better than usual this year. With plenty of rain it has done well, and is ripening nicely. The cool weather was good for the maturing of oats.

V.F.W. to Play Wilmot Next Sunday, and Zion For Labor Day Program

For the second time this season the entire slate of games in the Southeastern league were rained out Sunday. Most of these games are now scheduled for next Sunday.

Antioch will travel to Fox River Park to attempt to avenge an earlier defeat at the hands of the Wilmot Legion. Wilmot is currently in second place, one game behind the Racine Thompsons. Thus they need need a victory to stay within striking distance of the leaders. Antioch needs a victory to finish the league season at the .500 mark, since this is the last league encounter for the locals.

Labor Day will see the V. F. W. once more on the road to engage some tough competition. The Zion Merchants will be the adversary. Earlier in the year Antioch trounced the Zion men but the Merchants have improved greatly in recent games. A large crowd is anticipated, since Zion will be the scene of large Labor Day festivities.

Operation Haymaker

Round Lake Man Robs Motorist of Car, \$23 At Linder's on Rte. 21

Andrew Peterson, 20, a dishonorably discharged Round Lake soldier, will be given a court hearing Sept. 11 at Waukegan on a robbery charge following his arrest south of Antioch Monday morning.

He was identified by Lester C. Perry, 30, of Cedar Lake rd., Round Lake, as the person who robbed him of \$23 and his car at the Linder tavern on Rte. 21 south of this village.

Perry said that Peterson stopped him while he was driving west on Rollins rd. a half mile west of Rte. 21 near Round Lake Beach and commandeered his car, telling him he had a gun.

He said Peterson then ordered him to drive to the state line under threat of death, but then changed his mind and ordered him to stop at the first tavern which happened to be Linder's. They sped through the foggy early morning hours at a speed as high as 70 miles an hour. At Linder's tavern Peterson robbed him of his money and car, Perry said. He went inside and asked Linder to call police but while Linder was talking on the phone Peterson entered the tavern and jabbed something against Linder's back and ordered him to hang up.

Linder let the receiver drop.

"I mean hang it up if you don't want to be killed," Linder said he was told. He then placed the receiver on the hook and completed the call after Peterson left.

Deputies said Peterson drove Perry's car a quarter of a mile north to Horton's boat house where he rapped on the door and told the person who answered that he was "sick of being hunted" and wanted to surrender. He was later found by deputies in the parked car.

He denied to them that he had a gun and said he merely pressed his finger against Linder's back.

Unable to provide \$5,000 bond he went to jail.

"We Wus Tired," Said Lions Club in Losing to Moose in Benefit Game

The Antioch Lions club defeated the firemen 32 to 14 and then lost to the local Moose 29 to 10 in the benefit softball tourney last Thursday night. Nearly 200 persons saw the game.

Claiming they were tired from their first struggle with the firemen, the Lions club plans to challenge the Moose to another benefit game soon when they say the score will be different.

In the first game which was a free-hitting and loose fielding event, Dud Kennedy and Jim McMillen hurled for the firemen and Bussie Keulman was on the mound for the Lions.

A few of the firemen joined the Lions in playing the Moose in the second game. The Moose collected a total of 35 safe hits from an assortment of Lions club hurlers in winning.

Bill Johnson, burly catcher, banged out five hits, including a home run, and Wes Reeves, Joe Gorlitz, Wally Good, Art Meyer, and Neal Carney each accounted for four hits. Joe Buszta, playing great ball at shortstop, hammered out a long home run.

Defensively, Johnny Beres in center and Bill Meyer at first base, made some sparkling plays for the Moose.

Art Smejkal paced the Lions club's 14-hit attack with three hits. Tony Stanisch, Harold Cardiff and Bill Horton collected two each.

Mayor Jim McMillen, though only Waukegan Moose here under the lights of the high school diamond tonight. The Waukegan team won diard at third, Tony Stanisch at here earlier in the season on an extra-inning game and the local team is out for revenge. It is a league game.

Shall We Await The Blow?

The Communists always claim that theirs is a perfectly legal party, like the Democrats and the Republicans, and that they have a constitutional right to carry on their activities.

What that position actually means was well described recently by Judge Learned Hand of the Circuit Court of Appeals. He was speaking for a unanimous Court upholding the conviction of the 11 Communist leaders in New York last year. He said: "They claim the constitutional privilege of going on indoctrinating their pupils, preparing increasing numbers to pledge themselves to the crusade, and awaiting the moment when we may be so far extended by foreign engagements, so far divided in counsel, or so far in industrial or financial straits, that the chance (of successful revolution) seems worth trying. That position presupposes that the (First) Amendment assures them freedom for all preparatory steps and in the end the choice of the initiative, dependent upon that moment when they believe us, who must await the blow, to be worst prepared to receive it."

Communism is not a political party. It is a revolutionary movement owing total allegiance to a foreign government. Its sole aim is to destroy us.

"Self-Centered Grabbers"

"If rationing comes in the United States it will not be because of any undersupply of goods but because of an excess of self-centered grabbers," says the Christian Science Monitor.

"The vast majority of the public, of course, are going along normally with purchases only for their current needs. Naturally, they are incensed when they see or hear of 'smart' or panicky people buying up stocks of such items as sugar, canned goods, nylon

stockings, or automobile tires far beyond any immediate need.

"If this hysteria continues, the demands for rationing and price controls will grow . . . The hoarders and grabbers tend to bring rationing not only on themselves but on everybody; and if they succeed in doing that, they should in some way be made to pay its unnecessary cost."

Producers and retailers have pointed out that there is plenty of food and all other consumer essentials. In some lines there are huge surpluses. Retailers have been especially active since the Korean war started in attempting to stop hoarding—and, also, in preventing unnecessary price increases that follow panicky buying. Hoarding is a crime against the nation and everyone in it—even if it is not so-defined by the law at present.

A bill now in Congress would lay heavy criminal penalties on black market operators and this is all to the good. In addition, the hoarder should be visited with public opprobrium and contempt. If we simply go on buying normally our factories and farms will continue to produce all we need. Our retail stores will continue to be well stocked with fairly-priced merchandise. And our security as a nation will be strengthened.

The Low Down From Hickory Grove

The prodigal son when he ambles home—completely strapped—finds his mama and his papa discouraged and disappointed, sick at heart, but they take him in. We are doing likewise with Uncle Harry and his spendthrift Bureaus—we are over a barrel, but must make the best of it. We have a serious operation ahead of us—the hospital expenses loom—but the exchequer is bare, almost. And on top of this dilemma, we must now slap a new plaster on the old premises—and hope for the best. We ooze with socialist experiments—dams on cricks and more cricks—but we are short on tanks, must raise more do re mi for same.

What is the moral, if any, says Henry. Well, I says, we have now cut our eye teeth—should savvy clear as day why we are in our predicament. And to enlighten you, first hand, old boy, I say we have put up too long with our Govt. doing the "unneeded" things. That is what is in the coconut—unneeded things. And yet, and now, with the war flaming high, the unneeded things are still being promoted.

This week, here at Hickory, the Reclamation Chief man told us—and with a flourish—how he had 400 million in cash money to spend on new projects. Woe is us, I say, if we don't—and now—put a quietus on these prodigal splurgers. We are way past the ho-hum stage.

Yours with the low down,
JO SERRA

SHORT STORY

"Doing Better"

By Richard Hill Wilkinson

Laurie, Sam Edgewater's pretty daughter, brought in the news. "There's a nester squatting in our lower range," she said. "He's building himself a home, and when I told him to pack up and get out he laughed at me. More than that he was rude and insulting!"

Sam Edgewater took one look into his daughter's angry eyes and sent for Tex Tremont and Chuck Wellington. Tex and Chuck had worked for him for 20 years.

Sam explained briefly what Laurie had said, and added: "We'll ride down and warn him off. No violence this first trip. But we'll make it clear he ain't going to be allowed to stay. This here's my land by right of settlin' it."

En route to the lower range Sam fell to wondering how it was that the nester had proved insulting.

A young man was hewing logs in a clearing when the trio rode up. He drove his axe into a tree trunk and looked up at them, smiling pleasantly.

"Howdy gents," he said. "Climb down and squat awhile."

"Never mind the formalities, mister, I'm Sam Edgewater and I own this property. We don't tolerate nesters."

"They told me I could come down here and pick myself a home. It'd be mine if I improved it some. And I aim to improve it."

"This here's been my property for 20 years. It's mine by right of conquest," Sam roared.

The redhead grinned. "Well, if you got papers to prove it's yours, I suppose I'll have to get off. Otherwise, I'm staying."

Sam's face grew purple. He turned to Chuck and Tex. "Boys, you forget what I said about warnin' this feller. We're gonna have a show-down right now. Kiek him out!"

None of them saw the redhead move, but suddenly he had a gun in his hand. It exploded and Tex was staring down at his shattered wrist.

The redhead wasn't grinning. He looked at Chuck. "Well, mister, I guess you're Edgewater's hired gunman too. How about it, want to try earnin' your pay?"

Chuck looked mad but helpless. He wasn't a fool. Sam recovered after a moment from the shock of what had happened. He ordered his men back on their horses. "O. K.," he said. "You win this play, Red, but we'll be back."

"Yeah," jeered the redhead. "Next time bring a dozen with you."

EIGHT DAYS later Sam rode down to the lower range at the head of seven grim-faced punchers. "Son," said Sam Edgewater, "we don't want to hurt you none, but we

The redhead wasn't grinning. None of them saw him move but suddenly he had a gun in his hand.

aim to kick you off this land. You must have sense enough to realize you ain't got a chance, playing a lone hand."

The redhead grinned. "The government," he said, "allowed I could have this here land. However, you look to me like a square shooter, so I'll make you a square proposition. I'll take on any three of your heroes single handed—and agree not to marry your daughter if they beat me."

"Agree not to what?" Sam bel-lowed.

The redhead looked surprised. "Shucks," he said, "I thought Laurie had told you we were fixin' to get married. You see, I kissed her the first day she come down here and that sort of settled things."

"Laurie! Is what this young whippersnapper says, true? Is it?" Laurie looked at the young whippersnapper, then at her father. "He did kiss me that first day I came down," she said.

Sam stared at her and swore under his breath. After a moment he turned his horse and galloped away, and the punchers galloped after him. Laurie confronted the redhead and her eyes were angry.

"That," she said, "was about the most—the most—" Her expression softened, because Red was grinning. "The most unromantic way of proposing," she finished.

"I can do better," said Red. "Want me to?"

Laurie didn't answer. She didn't have to.

Murder False Alarm

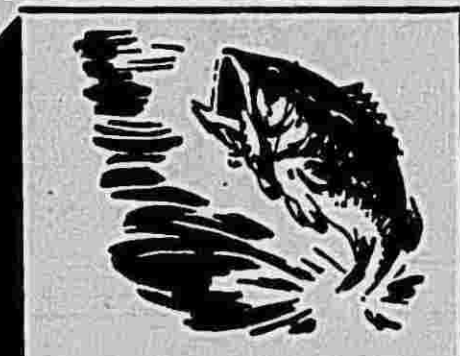

Deputy sheriffs were ready to dredge Channel lake yesterday under the belief that they would find the nude body of a Chicago woman who had been murdered when they received information that the woman was safe at home. She and a friend, Victor Arbuckle, had registered as man and wife at a lake hotel and she left hurriedly after a quarrel leaving some of her clothing behind. As there were bloodstains on this clothing police feared that she had been killed. The friend cleared the mystery by calling Chicago police and explaining the situation.

Gaff-Topsail Catfish

Many a wily female has coaxed her spouse into taking care of the kiddies, but the mamma gaff-topsail catfish really stretches the point. For about 80 days her mate patiently holds a mouthful of eggs the size of marbles. According to the World Book encyclopedia, he doesn't swallow them, but neither does he get to swallow any food.

Starfish, Acrobat

Putting your foot in your mouth is no trick compared to an everyday accomplishment of the starfish. This little sea creature can put his stomach in his mouth—and pull it on through. This happens every time the starfish wants to eat. The stomach wraps itself around the food selected, digests it, then is drawn back through the animal's mouth to wait for another meal.

St. Peter's to Have 225

St. Peter's parochial school will open at 9 a. m. Wednesday, according to Sister Superior Mary Clare Ellen. Registration which has been in progress for some time indicates that the enrollment will be about 225, or 25 more than last year.

Two replacements have been made in the teaching staff. There will be new teachers for the third and fourth, and fifth and sixth grades.

With a complete teaching staff the high school will open at 9 a. m. Wednesday, Principal R. C. Edmundson announced.

A. T. H. S. Registration Completed
Registration is practically completed and will reach 314 on the opening day, an increase of 30 over last year, he said.

The teaching staff was completed with the hiring of Francis Perrigoue of Green Bay, Wis., a graduate of Stout Institute, Menominee, Wis. He will assist M. M. Stillson in teaching two sections of industrial arts, will teach two sections of juniors and seniors in social problems and will assist in coaching football. He will coach the golf team next spring.

Auxiliary's History Is Told in Rhyme on Past Presidents Night

Antioch Unit No. 748, American Legion Auxiliary, held its annual pot luck supper and past presidents' party last Friday evening in the Legion home.

Mrs. Lucy Himens, junior past president, was in charge of the party and wrote the following verse as a tribute to the past presidents: "The Auxiliary was started in '27, just 23 years ago, you Auxiliary gals must have been mighty proud, as you watched your baby grow.

To Lil Jensen was entrusted the care of teaching the babe to walk, Ethel Pesat then, was the nurse, But Elizabeth Webb in '29, took over the little tot.

The infant was surely doing O. K. for citations began, to come her way. Elizabeth gave her to Mary Chase, who later showed District, Division and Department, that Antioch was in the race.

Carolyn Horan and Eva Kaye had many a stone rolled in their way. But all pitched in with a right good will, a community chest began to fill.

They proved to those who were in need, That Antioch Unit was a friend indeed.

Rosabelle Anderson, Betty Mortensen and Agnes Hills each guided the child, for the demands by now were becoming great, all toiled hard early and late, the treasury to fill.

Myrtle Klass, Helen Osmond and Ethyl Zimmerman carried on too as the other had done, so that help might be given to each needy veteran.

Just as Alma Harden Loubert took over in '41 Pearl Harbor! Another war was begun.

Eva Burnette, Anne Heath and

Lillian Hand too, each in her turn had extra to do.

Keep the funds growing, more poppies to sell, Give joy to the veteran and the soldier as well.

Our gals now number 18, so Maud Johnson took her hand and settled down in the new Legion Home.

Rose Kennedy, Deborah Van Patten and Lucy Himens, each new laurels won.

From a small group of 20, today numbers 141. Now at the age of 23, Clare Horton is handing her over to another, Mary Ellis.

Our work is great and great is the need, For more members may we all do our best, And we're bound to succeed.

Greetings past presidents, you now number 20, some of you working in lean years, some in years of plenty.

Will you tonight girls, as proof you were ne'er forsaken, with all our love, "Take Home the Bacon."

(At this time each past president present was presented with a cutting board in the form of a pig).

Mrs. Edward Jahneke read the above poem. Mrs. Warren Sheehan presented Miss Olga Himens, who sang, "How Do You Do, Past Presidents." The American Legion Auxiliary Song, and "Love's Happiness." She was accompanied by Mrs. A. H. Kaufmann.

READY-TO-EAT PICNICS

Leading Fancy Brands! All Lighter Weights

HERE'S WHY YOU SHOULD GET GOOD VALUE AT A&P STORES. A&P sell only picnics that are lighter in weight. In order to give you better value, of course! Big, heavy, jumbo picnics with long shanks and excessive amounts of fat are no bargain, even when sold at very low prices. The meat is apt to be tough—coarse—wasteful.

Lighter picnics from A&P are tasty, tender, flavorful. They make an economical meal, and you can depend on their quality. Compare these points in favor of the picnics A&P sells:

1. Doubly dependable, because they are backed by the reputation of famous packers and also by A&P "Super Right" Standards of quality.
2. Well trimmed, no long shanks.
3. Every one guaranteed to please, or your money back.
